No. of Students participated	20
Content	<ul style="list-style-type: none"> <li>• The aim of educational tour was to fulfill the curriculum of M.A. Geography.</li> <li>• Dr. B.L. Sai said that the City of Rameshwaram stands on an island, which is situated in the Gulf of Munnar. The Gulf of Munnar is located at the edge of the peninsular area of India. He explained students about sea, soil, stone, coral reef and surroundings.</li> <li>• Mr. Manoranjan Singh aware students about the pamban channel. The Pamban Channel is located between the Indian mainland and the island of Rameshwaram. The island of Rameshwaram has a total area of around 61.8 square kilometers. The Rameshwaram island is shaped like a conch. Sri lanka is located about 24 kilometers away from the island of Rameshwaram.</li> <li>• This educational visit helps students to gain practical knowledge of sea, soil, stone, coral reef and surroundings.</li> </ul>
