| Date | 3 Feb. 2020 |
| No. of Teachers participated | 03 |
| No. of Students participated | 20 |
| Content | <ul style="list-style-type: none">• The aim of educational tour was to fulfill the curriculum of M.A. Geography.• Dr. B.L. Sai said that Iconic step in the Gujarat dadar harirvav Ahmadabad a particularly exciting features here is the step wells-architectural marvels. A water reservoir, essential to semi-arid regions, the construction of step-wells can be traced back to the Indus Valley Civilization, at the sites of Mohenjo-Daro and Dholavira. Catering to the water needs of the people of the nearby areas and even visitors, a step well usually has four to five storeys.• Mr. Manorajan Singh said that the ghat gives an amazing view of river meeting sea. During low tides river almost dries up and you can cross river and go to the beach on other side of the river. During high tides water level gets high.• This educational visit helps students to gain practical knowledge of step wells-architectural marvels and ghat. |
